

# HARBOR FREIGHT

## SIDEWALK SALE DEMO SCHEDULE

**March 12th & March 13th 2010**

Harbor freight has requested that Space Coast Woodtumers do two "one day" demonstrations during their "Sidewalk Sale" on the above dates. In return, they have agreed to certain preferential discounts to all PAID UP club members and additional benefits for those PAID UP members who participate - to include all demonstrators, helpers, equipment suppliers, and those who hang around doing public relations and/or learning from our demonstrators.

*Specifics of any discounts are only discussed at club meetings or on the demo site.*

It is usually a fun day and even if you don't demonstrate, you have the opportunity to learn from those that do. Remember, you don't have to be an expert to demonstrate. This is often a time when someone is available to help you (*hands on training in woodturning & tool sharpening.*) So sign up soon **(in two hour blocks if possible)**

You should bring your own tools and wood, however. The club sharpening system and tools will be available. In addition, small turning squares and branch wood for spindle work are usually available. The club will supply two or more "Harbor Freight" (Central Machinery) lathes, depending upon the level of interest.

If you are interested, do not wait until the last minute to sign up. The equipment suppliers need a week or so to determine the level of interest and gather lathes. Harvey Driver (321-757-8579) is the point man and maintains the list. No reservation is necessary if you are not going to turn.
